

Why SoundGate Dealers have the edge...

The technologies used in today's vehicles are as sophisticated as any laptop computer. At SoundGate we believe these new technologies are full of opportunities for mobile electronic dealers across the nation. We make it a high priority to not only research these new systems, but to understand them and their impact on the aftermarket car audio industry. Armed with this knowledge, we are well equipped to help you integrate new components into these systems with our innovative, high-performance interfaces and unparalleled technical support.

MITSRCVR

 SoundGate

Purpose... The MITSRCVR audio interface cable matches the audio signals from a new aftermarket Receiver or CD Player to the factory connector and

amplifier in Mitsubishi vehicles equipped with the Infinity Sound System.

Features... The MITSRCVR cable uses factory-match connector housings for an ultra-reliable installation. Four (4) gold-plated RCA input connectors and a remote turn-on lead mate perfectly with the new receiver*.

The SoundGate MITSRCVR works in these vehicles:

MITSUBISHI

- ALL - mid 1995 to present with factory Infinity Sound System.
- * - Note: The new receiver or CD player you purchase must have "dual pre-amp outputs" (four RCA jacks) to work with the MITSRCVR.
- Note: This harness does not contain the power supply harness for your new receiver. This is available separately from your Mobile Electronics Specialist.

Be Sure To Ask Your Autosound Specialist About These Other Exciting SoundGate Products...

- Auxiliary Input Interfaces and Docking Stations which allow you to input the audio from MP3, DVD/Video, Satellite Radio, and more to OEM and aftermarket car audio systems
- High-performance Radio Replacement Interfaces for seamlessly integrating new receivers or CD players into OEM audio systems
- Competition-Grade Interfaces for adding amplifiers
- Remote Audio Control Interfaces that let you control aftermarket receivers and CD players from your factory rear seat, or steering-wheel-mounted audio controls.
- And many others!

Installation Instructions

Step
1

Remove the Factory Radio

Referencing the factory service manual instructions for your vehicle, remove the factory radio.

Step
2

Install the new Receiver or CD Player using the MITSRCVR, power harness (not included), and correct mounting kit (not included)

- A. Plug the MITSRCVR into the RCA output connectors of new receiver or CD player.
- B. Connect the “amplifier control lead”, typically blue in color, of the new receiver to the blue lead of the MITSRCVR.
- C. Connect power harness (not included) following instructions supplied with harness.
- D. Secure new receiver or cd player to mounting kit (not included), and secure kit/radio combination to dashboard. Plug the MITSRCVR DIN cable end into the vehicle’s DIN cable.
- E. Reassemble dash panels and installation is complete.

If you experience any problems, call SoundGate Technical Support at 800-256-0808 or e-mail us at sgtech@soundgate.com.
